

## Welcome information from MATE, Hungary

### Details on entering the country and the start of the academic year – July 8<sup>th</sup>, 2024

Dear Applicant,

Congratulations on your being accepted by **Hungarian University of Agriculture and Life Sciences**.

On behalf of the Management of **Hungarian University of Agriculture and Life Sciences**, **MATE International Relations Team** is happy to welcome you soon. To provide you with assistance, this message is to guide you with the current rules and regulations which apply in our country regarding entering.

After the receipt of your Letter of Acceptance and Letter of Award, you can start to arrange your visa process and the preparations for entering Hungary. To guide you regarding the process, we organise **an online consultation** opportunity on **9<sup>th</sup> July at 13:00 CET**. You can join using [this link](#). Those who are not subject to visa are also advised to join. Relevant information will be shared for them, too.

The academic year begins on 9<sup>th</sup> September with our [Orientation Week](#). Classes for 1<sup>st</sup> year students start on 16<sup>th</sup> September.

[Our university website](#) is constantly being updated, check it frequently, please.

Regarding [WELCOME INFORMATION](#), read our webpage for further details (arrival in Hungary, visa, accommodation in our dorms, transport from the airport, mentoring system, social media sites etc.).

Please, note that self-financed students **cannot be provided accommodation in the dorm in Gödöllő and in Buda**. [Gyöngyös](#) luckily, **can accept self-financed students** as well. Please, apply for accommodation via the **Hostel Application Form** (linked word) **until August 10<sup>th</sup>**. If there is **any change** about your planned arrival date, **you are obliged to inform the hostel, your Registrar's Officer and MATE IR Team within the shortest possible time. Your booked room in the dorm will not be saved for you for more than 5 days after your registered date of arrival**, since there is a huge demand for dormitory places. All students are required to fill in the [Arrival Form](#) to inform our Institution and the dormitories of the details of their arrival.

We hope this information letter could help you at this point. If the inserted links are not active in our letter, copy the following link for the same letter in pdf format on our website: <https://archive.uni-mate.hu/en/current-students/welcome-information>

We are looking forward to meeting you in Hungary.

Kind regards,

MATE International Relations Team
