DEADLINES

Autumn Semester

Nomination: 31 May
Application: 15 June

Spring Semester

Nomination: 15 November
Application: 01 December

NOMINATION & APPLICATION

1. Student nomination

The partner university selects their students for an exchange semester or academic year and nominates them to MATE. To nominate your students, [CLICK HERE](#).

After receiving the nomination, MATE will send an **acknowledgement email** to the partner university and nominated students and informs them about the application process.

2. Application procedure

After an acknowledgement email from MATE, students submit their application in SOP Mobility Online system by uploading the following required documents:

- Signed [application form for ERASMUS Students](#) or [for Bilateral Exchange Students](#)
- Motivation letter (maximum 1 page)
- CV in English, preferably in [Europass format](#)
- Official transcripts of records for previous semesters
- Proof of English proficiency at B2 level (upper intermediate)

¹Students must possess a B2 (upper-intermediate) level of English Knowledge (speaking, listening and reading). Proof of this may be in the form of TOEFL (paper: 500 / IBT: 65), IELTS (6 band) or any official language examination. Students without an official certification face the possibility of not being accepted by Hungarian University of Agriculture and Life Sciences. Such cases are handled on a case-by-case basis through consulting with the home university's coordinator.

Letter of Acceptance

When the students' application package is formally accepted, they receive their Letter of Acceptance.

Online Learning Agreement

Students choose their subjects and submit their [Online Learning Agreement](#) either by the home university's EWP system Online Learning Agreement (OLA) platform or send it by email.

ACADEMIC INFORMATION

Autumn Semester	Orientation Week Lecture Period: Exam Period:	early September from early September to mid December From mid December to the end of January
Spring Semester	Orientation Week Lecture Period: Exam Period:	early February From early February to mid May From mid May to the end of June
Semester workload	European Union rules require all Erasmus students complete at least 15 ECTS credits per semester. We recommend that students register for approximately 30 ECTS credits to make the most of their time abroad	

Grading systems of the institution

Hungarian Grade	ECTS Grade	Definition
5	A	EXCELLENT - outstanding performance with only minor errors
4	B	GOOD - above the average standard but with some errors
3	C	SATISFACTORY – generally good work with a number of notable errors
2	D/ E	PASS/SUFFICIENT – passable performance meeting the minimum
1	F	FAIL - considerable further work is required

Excellent (5) 4,51 - 5,00 (91-100%), ECTS Grade: A
Good (4) 3,51 - 4,50 (71 - 90%), ECTS Grade: B
Satisfactory (3) 2,51 - 3,50 (51 - 70%), ECTS Grade: C
Passed (2) 2,00 - 2,50 (40 - 50%), ECTS Grade: D
Fail (1) - under 40%, ECTS Grade: F

SZENT ISTVÁN CAMPUS – GÖDÖLLŐ – 2100 Gödöllő, Péter Károly u. 1.

Hungarian University of Agriculture and Life Sciences (MATE) in Gödöllő offers limited on-campus accommodation for **visa exchange students only**. Our newly renovated rooms provide a comfortable environment for studying and relaxing, with high-speed wired internet and shared cooking facilities. The residence is conveniently located close to classes and offers excellent public transport connections to Budapest.

Prices	Double occupancy: 45,000HUF /person/month	
Deadlines	Autumn Semester Booking: 1 July Payment: 31 August	Spring Semester Booking: 1 December Payment: 15 January

Students must book a room on a semester basis (5 months) up front. Those who do not wish to stay in the dorm for the entire 5 months have the option of booking a room at a daily rate of 14 000HUF while they seek alternative accommodation.

Non-EU students who need to apply for a visa **must** book and pay for an entire semester to receive proof of accommodation for their visa application. For more information, please contact the Gödöllő Dormitory Coordinator: Ms. Beáta Kárpáti: karpati.beata@uni-mate.hu

BUDA CAMPUS - Somogyi Imre Kollégium, 1148 Budapest, Szüret u. 2-18

Dorm Coordinator: Ildikó Fedor: budaikollegiumok@uni-mate.hu , Phone: +36 1 305 7249

Unfortunately, due to the limited available spaces at our dormitories, we cannot offer rooms for EU citizen Szent István Campus, Gödöllő students and also Buda Campus exchange students. They have to find accommodation by themselves.

Here are some links to help. Please, note that MATE does not manage these listings, nor can it guarantee availability! Students are solely responsible for handling contracts, reservations, and any related arrangements:

ESN MATE

ESN MATE is a Hungarian section of an international student organization which helps and deals with not only Erasmus exchanges students but also all international students at Hungarian University of Agriculture and Life Sciences. The team helps and takes care of international students during their staying at our university. For more information visit [Erasmus Student Network MATE - ESN MATE](#)

ESTIMATED COSTS OF LIVING

Hungary offers a relatively affordable cost of living compared with other European countries. Actual expenses depend on the student's lifestyle and location. As a general guide, students should budget approximately **€400–700 per month**, excluding international travel.

Monthly Housing costs	approx. €150 (in dormitory), but in Budapest approx. 500 €
Monthly food costs	min. 150 €
Public Transportation	~ €3-6/month - regional or national passes for students
Misc. Costs	€100 - 200 /month
Costs of basic things:	Beer from store: ~€2 (from pub: €3-5) Loaf of bread: €2, Candy bar: €2

MATE CAMPUSES ACROSS HUNGARY

MATE has five campuses in several parts of Hungary, each offering a different environment and student experience.

GÖDÖLLŐ – Szent István Campus

The headquarters of the Hungarian University of Agriculture and Life Sciences (MATE) is located in **Gödöllő**, approximately 30 km northeast of Budapest. The campus is easily accessible from the capital by train and suburban railway (HÉV), with stations within a short walking distance of the university and student residences. Regular public transport makes commuting between Gödöllő and Budapest convenient.

BUDAPEST - Buda Campus - Idyll in the Buda side of the Capital city

MATE's Buda Campus is located in the Buda Arboretum, close to the city centre. The campus is home to study programmes in areas including horticulture, food science, landscape architecture and urban planning. It is easily accessible by tram, bus and metro and offers students the opportunity to enjoy both a vibrant capital-city environment and a unique green campus. Buda Campus is the only higher educational location in Hungary that offers landscape architecture related programmes.

GYÖNGYÖS - Károly Róbert Campus - Campus at the Mátra Mountains

Located in Northern Hungary, roughly 80 kilometers east of Budapest., at the foot of the Mátra Mountains, the Campus in Gyöngyös combines traditions in agricultural education with programmes in economics, business and tourism. Its location offers excellent opportunities for outdoor activities, hiking, cycling and exploring the surrounding region.

KAPOSVÁR Campus- The treasure of Somogy

The Kaposvár Campus, in southern Hungary, offers a diverse range of programmes including agricultural sciences, film and media, economics, teacher education and related fields. The campus is also home to specialised research and practical training facilities, including equestrian and animal science facilities.

KESZTHELY

Located on the western shore of Lake Balaton, Keszthely is a historic university town and a popular destination for students and visitors. Georgikon Campus offers MSc programme in Plant Protection study programme in English. Its location provides excellent opportunities to explore Lake Balaton and the surrounding countryside.

VISA REQUIREMENTS/RESIDENCE PERMIT

Students from outside the European Union/EEA may need a visa to enter Hungary and/or a residence permit for their studies. Requirements depend on nationality and the length of stay. Students should contact the Hungarian embassy or consulate in their home country before travelling and check the current requirements. Students staying in Hungary for more than 90 days generally need to obtain a residence permit for study purposes.

HEALTH INSURANCE

All exchange students must have valid health insurance covering their entire stay in Hungary. Students from EU/EEA countries are advised to bring their European Health Insurance Card (EHIC). Students from outside the EU/EEA should arrange appropriate health insurance before travelling.

BANKING IN HUNGARY

Cards are widely accepted throughout Hungary, and ATMs are readily available. However, fees and exchange rates may vary depending on your home bank and the ATM provider. Contactless and card payments are common, including in shops, restaurants and on public transport. Students staying for a longer period may also consider opening a Hungarian bank account, particularly if this helps reduce international transfer or currency-conversion fees.
